

Make a Woodland Friend

Hello!

What you need

- 1 x pinecone (clean and dry)
- 2 x Pipecleans
- Paper or wooden ball
- Felt
- Pompom
- Glue and scissors
- Colouring pens or crayons

What to do

Step 1:

Take the pinecone and glue the paper or wooden ball to the top.

Step 2:

Cut two pipe cleaners in half. Stick two halves either side of the top of the pinecone to make arms. Stick the other two near the bottom of the pinecone. Bend each to make feet and hands.

Step 3:

Cut out a triangle of felt. Make a cone shape from the felt and glue the edge down. Stick this to the top of the paper or wooden ball to make a hat. Glue a pompom to the top of the hat.

Step 4:

Glue a pompom to the middle of the pinecone. Draw two eyes and a mouth on the paper or wooden ball.

Step 5:

Give your woodland friend a name.

TOP TIP

If you don't have felt use paper instead. Scrunch up some paper and colour in instead of a paper or wooden ball.

SHARE

We'd love to see your woodland friend. Share it via Facebook or Twitter and tag @urbangreennc1
