

SPRING ACTIVITY SHEET 1

The season of new beginnings

Design your own bird's egg

Spring is a time of year when many of the wild birds in our parks build a nest to lay their eggs ready for new life to hatch. Have a go at designing your own bird's egg and then what the bird that laid your egg might look like.

Take a stroll in one of our 33 parks to get some inspirations from the many wild birds that make our parks their home.

We'd love to see your colourful creations so please tag us via social media.

Design your own bird
