The event site will be on the top field and around the bandstand area of the park, adjacent to the stadium. All the main access routes into and out of the park will remain open. The main park facilities will also remain open to the public throughout including the tennis courts, basketball courts, maze, Tower Café, the lake, children's play area, and the picnic areas by the café and play area.

Sound checks

Sounds checks for the event will take place on Friday 28th April between 17.00-18.00 & Saturday 29th April between 11:00-13:00

Noise Control

Noise control measures have been formulated to minimize noise disturbance for local residents. The event organizers have appointed a sound management contractor to work with them and Newcastle City Council to agree sound levels and ensure the agreed sound levels are adhered to throughout the event.

We aim to minimize the impact from this event. However, if you have any questions and need to contact us during the event please contact info@dancegenevents.co.uk or 07957183440.

Traffic and Transport Management

The event organiser aims to minimize the disturbance and inconvenience from people going to and from Leazes Park attending the events and other park users, and have a set plan for this which includes:

- Based on analysis of ticket holders' postcode data, it is anticipated that the vast majority of the audience will travel to site on public transport
- Attendees will be instructed to leave in a quiet and orderly manner mindful of local residents.

Refuse and Waste Management

A refuse team will be employed before, during and after the event by the event organiser. Urban Green Newcastle will also carry out a separate cleaning services within the park after the events.
